

Roof Top Garden - 'Head for the Hill'

Applicator Inside Out Landscaping

Size 120 m²

Product SuperStone™, CrystalPave™

Pattern Custom Layout with Running Track

Colour Elba, Mandarine

Client Bent Architecture Pty Ltd

Details Designed by Bent Architecture, this project won the "Growing Up" Green Roof Competition. The SuperStone™ is used as an attractive porous overlay upon drainage cells beneath the many communal areas, while the CrystalPave™ has become a vibrant track around the central garden.
